Haunted Trail Volunteers Needed

We are always looking for extra volunteers to help pull this fundraising event together. Currently we are looking for people that can . . .

- * Help scare guests on the trail
- * Guide guests through the trail

* Help set up and tear down skits

If you are interested in volunteering or need service hours and love Halloween as much as we do, please leave us a voicemail message at the station 317-933-2224.
